Project No.: 180035

5. GSA/GSP (SGMA)

Filing date for the GSP is January 31, 2025

- a.) (i) Public Hearing on Draft GSP – Accept any public comments or comments from the Board
(ii) Action – revise document based on comments
(iii) Action – direct Engineer to make revisions and prepare report for submittal to the State by 01/31/2025
- b.) Coordination Agreement – The other agencies have also agreed with the approach to extend out the final date to 2040 to end the agreement.
- c.) Domestic Well Mitigation Program - Still waiting on a meeting and feedback from David Ceppos as to the direction this program is going to be formatted. We will then respond with questions or concerns about the proposed program.

6. Interconnected Surface Water MOU – There has been minor revisions, but none that address Tom’s concerns and clarify the basic need for just sharing data. **New versions still don’t address concerns, have asked for a response from David’s Engineering. Will review those comments.**

8. Annexation SOI -
