

Subbasin-wide annual report and a Joint GSP annual report as a supplemental document. As discussed, there are 2 proposed tasks. Task 1 is development of the Subbasin-wide document at an estimated fee of \$51,850. For task 1, our recommendation is that there is a 7-way split (\$7,407.14/GSA). Task 2 is development of the Joint GSP annual report supplemental document at an estimate fee of \$40,646. For task 2, our recommendation is that there is a 4-way split (\$10,161.50/Joint GSP GSA). Below is a cost breakdown for each GSA in the Subbasin.

Task 1 Estimated Fee (All GSAs) = \$ 51,850

Task 2 Estimated Fee (Joint GSP GSAs) = \$ 40,646
