Agenda Item 4

MEMO

Date:	September 22, 2026	**Project No.:**	180035
To:	Gravelly Ford WD		
From:	Garth Pecchenino/Keasha Blew		
Subject:	Board meeting - GSA/GSP SGMA		
cc:	Name or delete		

4. GSA/GSP (SGMA)

We continue to receive questionnaires at a slow pace.

Madera Pump was scheduled to sample wells in District for water quality per SGMA on Friday 9/11/2026.

5. System Improvements –SCADA project:

Don received reimbursement from the Bureau for reimbursement request #2. QK to submit reimbursement request #3 for 30% and Basis of Design work. Working on getting invoices to get reimbursement for Don's time also.

Draft Basis of Design Report and 30% Plans scheduled to be provided to the Board for the October Board Meeting.

Smart Water Grant for Meter Installation –
The Bureau provided a notice of award for the meter installation project. The District will need to conduct public outreach, potentially do a well canvas, and finalize meter requirements for both installation and reimbursement. QK will be meeting with Micrometer to establish potential metering parameters and options.

The City should consider a resolution requiring meters and groundwater reporting. The grant does not provide money for the development of the program, but it does provide funding for public outreach, which could cover these costs.

Other:
GSP Info: Madera Subbasin is discussing Subsidence on 9/23/2026.
